Hampton, VA 23666

To Whom It May Concern:

The below petition “No Military Training over the Chiricahuas”, available at www.change.org/peacefulskies and also attached, has been signed on to by over 3,600 individuals opposed to the proposed action by the U.S. Air Force to expand its Military Operations Area over the Chiricahua and Peloncillo Mountain region in the Tombstone MOA.

Peaceful Chiricahua Skies and this coalition support Alternative 1, No Action.

Here is the text of the online petition:

“The U.S. Air Force is proposing increased military combat training flights over the Chiricahuas, Peloncillos, and other areas of southeastern Arizona and southwestern New Mexico in the Tombstone Military Operations Area (MOA).

Tell the Air Force that expanding military combat training over rural communities and tribal and public lands is not acceptable.

The Air Force should restrict its lower elevation and supersonic flights, and other combat training, such as dropping chaff and flares, to the Barry M Goldwater Range where it’s already happening.

This USAF proposal will lead to:

- **Lower quality of life** for our residents
- **Lower property values**
- **Economic harm** in terms of tourism and ranching
- **Noise pollution** from F-16 and other planes as low as 100 feet above ground level and sonic booms at altitudes as low as 5,000 feet
- **Fire risks** from flares and **pollution** from chaff dropping
- **Risk of military aircraft crashes**, affecting people and startling horses and livestock, as well as wildlife

- **Devastation to wildlife** and unique biodiversity in this area

The military already has large federal proving grounds in AZ and NM over which this training can occur, including at the Barry M Goldwater Range.

More information and things you can do to take action at www.peacefulchiricahuaskies.com (Note that donations solicited through this site go to change.org not to Peaceful Chiricahua Skies. We are grateful to change.org for making this service available. Visit our site for direct donations.)”

In addition to signing on to this petition, the comments following the signature list were submitted.

We will eagerly follow future developments on this proposal.

Sincerely,

Peaceful Chiricahua Skies, a coalition that includes the following individuals:

Rhonda Votino	Portal	AZ	85632	US	2/19/2022	"Portal and the Chiricahuas are well known for their peaceful environment with some of the most diverse flora and fauna in the country. It is the reason people come to live or visit. I would hate to see it ruined with disruptive noise. I want to see this area protected."
Linda Castor	Norman	OK	73071	US	2/20/2022	"I've been in the Chiricahuas in the past when the jets flew low and broke the sound barrier. This mountain range is no place for the intended exercises."
SCOTT HUCK ABAY	Portal	AZ	97405	US	2/20/2022	"This is a very, very sacred area where my ancestors come from. Yusen(Apache Great Spirit) guided me here effortlessly to help restore balance in peaceful spiritual way. I am in gratitude and honored to be allowed to live here every moment and I do not take it for granted. There is no need for the military to bring in more and more airplanes and fighter jets to this area when they already own millions of acres of air space in other remote areas in Arizona where there's no civilians living at so they can practice their trainings to kill human life. This is just mindless, senseless and archaic like allowing the cattle to continue to roam freely here."
Shanon Batchelor	Prescott	AZ	86305	US	2/20/2022	"the Military needs to clean up their Super fund sites before they get any more privileges in our Parks and forests"
James Wilkins	Columbia	MD	21045	US	2/20/2022	"This is a special natural area unique in the United states. It is not a military training area."

Krystal Velasco	Maricopa	AZ	85138	US	2/20/2022	"Because I believe in sacred land."
Robert White	La Honda	CA	94020	US	2/20/2022	"Given that the AirForce has other locations at which they can already do this testing/training, there is no good reason to initiate these flights. As humans we can appreciate the harmful effects on us and on large animals. Add to this the birds and insects and it begins to become unsustainable as small parts of the system breakdown."
Donna Stevens	Silver City	NM	88062	US	2/21/2022	"I love the Chiricahua and Peloncillo Mountains. This Air Force action would harm the wildlife and culture of this area."

Connie Adler	Silver City	NM	88062	US	2/22/2022	"I lived in the village for a number of summers. It has an incomparable ecology, a treasure to be preserved. It is rich and unique like no other area. Let's all work together to insure it remains pristine for future generations."
Ed Newbold	Seattle	WA	978108	US	2/22/2022	"Eisenhower warned against letting the military complex become too big and intrusive. At a certain point, more is not better. We must not let America become a warlike nation like Sparta, which quickly disappeared. The health and well-being of our Nation and the health and well-being of the Creatures in it that God ordered to multiply is an essential part of the fabric of our national defense."

Renata Golden	Santa Fe	NM	87502	US	3/1/2022	"As a former resident and member of the community of the Chiricahua Mountains, I know the immeasurable value of this unique area. I return often, as many visitors do, to enjoy the peace and tranquility of the mountains. Expanding the MOA would threaten the economic, ecologic, and quality of life values of the area. I strongly oppose this expansion."
Ginny Gonville				US	3/2/2022	"threat to wildlife"

Caroline Haines	Gloucester	MA	01930-2513	US	3/2/2022	"I'm signing because I am opposed to the proposed disturbances in the peaceful kingdoms of Portal, Rodeo, and Bisbee. Flares create serious fire danger, and noise disturbs the wildlife and the people who hold these serene places in the hearts and minds."
Cathy Conroy	Aurora	OH	44202	US	3/2/2022	"Then downside risks seem to outweigh and benefits, especially considering there are alternate sites already available."
Peggie Jo Vincent	Tucson	AZ	85745	US	3/2/2022	"There is no need for such flights that can cause pollution and fire danger to a very unique and special environment. There are other sites that the military uses so this it is not a critical argument for destroying what little natural space that we have left in order to have such flights."

Dr. Tim Zajic	Ranch o Palos Verdes	CA	90275	US	3/2/2022	"I have visited the Chiricahuas and the value of this region is readily apparent. The proposed increased flyovers will have an obvious and negative impact. Please consider not going forward with this plan."

Dustin Jermier	Los Angeles	CA	90026	US	3/2/2022	"Chiricahua Wilderness is an important place for me to visit for the peace, quiet, and wildlife. The people I have met who live there would be negatively impacted if this proposal to expand the Air Force military flights goes forward. I want my friends to be able to continue to live in the peaceful place that is the Chiricahua Wilderness. All of the birds and mammals I have been so lucky to see... Bridled titmouse, Northern Cardinal, Coati, Ruby-crowned kinglet, Acorn woodpecker, and so many more... they live here all together. I want to keep visiting them and getting to know them better. Please, do not proceed with this proposed expansion of the Military Operations Areas."
Suzanne Yoder	Payson	AZ	85541	US	3/2/2022	"The Chiricahuas are absolutely irreplaceable as a most perfect habitat for a vast variety of wildlife and rare plants. The NOISE, disturbances and dangerous flyovers must not be allowed."

Darlene Melk	Tucson	AZ	85712	US	3/3/2022	"Our family definitely supports this petition and action to defend the peace of our rural lives in the Chiricahuas and Cochise County."
Colin Pittendigh	Bozeman	MT	59715	US	3/3/2022	"Pick some other place for these flyovers. Arizona has lots of empty space. The Chiricahuas are an import bird sanctuary. The military does not need this kind of bad publicity."
Ruth Motter	Hayward	CA	94544	US	3/3/2022	"The Chiracahuas are a unique habitat and a national monument. Loud military exercises will should not be allowed in the area due to impact on environment and wildlife."
Philip Myers	Ann Arbor	MI	48109	US	3/3/2022	"What is the Air Force thinking of? These changes will harm endangered wildlife; diminish use of the area by natural history students, photographers, and researchers; increase danger of wildfires; and have a serious negative impact on the quality of life of residents, many of whom came to this area to enjoy the peaceful setting and remarkable wildlife. This should not happen!"
Robert Wilson	Tucson	AZ	85718	US	3/3/2022	"The Audubon Society and the New York Museum of Natural History, which has with a research station in Cave Creek Canyon, should be alerted and asked to help in this fight."
beatrice ting	El Paso	TX	79912	US	3/3/2022	"I agree totally!"
Kara Sibilila	Tempe	AZ	85282	US	3/3/2022	"There are other places better suited for this. Before long we will have no wildlife and our children and grandchildren will suffer. It's time for adults to stop being so selfish!"

Delia Malone	Redstone	CO	81623	US	3/3/2022	"These mountains provide essential refugia for birds and other native wildlife. At a time when biodiversity is crashing we need to be protecting all remaining natural habitat from human development."
Otto Stuparitz	Los Angeles	CA	90025	US	3/3/2022	"I'm signing because I have a place there to rest. Where the animals can roam. And where freedom of solitude is endeared to"
Christine Ward	Great Barrington	MA	1230	US	3/3/2022	"I'm signing because the Chiricahuas are one of the last places in the U.S. were one can experience the profound silence needed to listen to and learn from the natural world. If we cannot hear the planet, we cannot respond to the climate crisis we are now experiencing."
Jacqueline Shulter	Roseville	CA	95747	US	3/4/2022	"The Air Force has many other test areas already available. This part of the Chiricahua Mountains is a world renowned ecological area that would be negatively affected by sonic. The southwest research station is located in Cave Creek Canyon. Important research would be disrupted. The Chiricahua Mountains are also very dry so could be subjected to devastating fires if flares are used for these training exercises."
Patricia Lovekin	Colorado Springs	CO	80904	US	3/4/2022	"It is important to maintain sensitive ecosystems for our future generations to enjoy as well as protect the natural environment."
Patricia Pitts	Tuscaloosa	AL	35405	US	3/4/2022	"Please balance human needs desires (commercial, military) with our responsibility to the whole planet. There must be a moral dimension to our choices and their impact on biodiversity. See the NYTIMES article from 3/4/22 referencing the mapping of biodiversity hotspots. Chiricahua is demarcated. Fly the planes elsewhere."
Ann Prezyna	Seattle	WA	98102-3571	US	3/4/2022	"I own a ranch in SE Arizona dedicated to habitat restoration. I observe firsthand the damage to the natural environment and wildlife in this state. Flyovers will significantly harm the natural environment in SE Arizona at a time when we most need to preserve nature: the noise, traffic in the airspace, and pollutants from exhaust will have significant adverse effects on natural systems and those of us who live or recreate in these areas. Don't do it for the sake of our planet. We need 50% of our earth to be protected. Loss of biodiversity and climate change are the

						greatest threats to our survival. Military training should take a far back seat, especially in natural areas."
Clint Penick	Tempe	AZ	85281	US	3/4/2022	"The Chiricahuas are the biodiversity jewel of the United States. I and countless others have spent our formative years there as scientists exploring this diversity, and it should be protected for thousands of more scientists to have the same chance."
Marion Cherry	Bozeman	MT	59715	US	3/4/2022	"I am signing this petition because of the rare species and habitats for wildlife that occur in Arizona. This proposed activity will be extremely impactful to birds species that are very uncommon in the United States, some of which only occur in AZ. Low level flying and dropping ordinance will cause disruption in important parts of life cycles such as breeding, feeding and sheltering. Of special concern to me are the rare bird species such as the Elegant Trogons and hummingbirds found in AZ. Some of these species are found only in very limited areas of AZ."
Tasha Huebner	Silverton	OR	97381	US	3/4/2022	"What the fuck is wrong with us? And why bother with this signaling of our so-called military might if we won't do anything about Ukraine? At least keep out of nature areas while doing your chest-thumping exercises."
Sara DeFranco	RUSH	NY	14543	US	3/4/2022	"This is not only a sacred region, but homes to hundreds of species and biodiversity that we as a country and as individuals have a responsibility to protect. There are protected species in this region and it would be illegal to damage their remaining populations. There is absolutely no way a proper EIS will allow for use of this airspace. Aside from this, hundreds of Americans have moved here to enjoy the beauty, peace, and privacy that the Chiricahua mountains provide. This would drastically decrease our quality of life here!!!!"
Jessica Stokes	Salt Lake City	UT	84121	US	3/4/2022	"I love to visit Arizona every year and watch wildlife in the Chiricahuas. This plan will ruin our peaceful experience, and we won't be back spending our out-of-state dollars."
Linda Gerding	Hamilton	OH	45013	US	3/4/2022	"There are so few places left in our country where animals and birds continue to live and thrive as they have for many years without man imposing threats to their well being. It would be a crime to expose the Chiricahua area to these n"
Joel Curzon	San Diego	CA	92122	US	3/4/2022	"I spend time in these ranges and areas every year, and am horrified by this proposal. Most of my summer days are spent in southeastern Arizona and southwestern New Mexico, and this has been the case for the last 17 years. I treasure the biodiversity and silence available here. The notion that this silence should be destroyed to provide yet more airspace for Air Force operations is unacceptable. Vast swaths of airspace and land in the West are controlled by the military already. It is ENOUGH."
cynthia Duncan	Tucson	AZ	85716	US	3/4/2022	"Enough is enough."
Christy Mahon	Aspen	CO	81611	US	3/4/2022	"I'm signing this because we need to protect our avian species for the next generation. This project seems easy to avoid as it will have negative effects on our natural world."
Linnette Engler	Sierra Vista	AZ	85635	US	3/4/2022	"I do not want to see economic harm to this area. Also the noise pollution would be harmful to both residents and wildlife that live in this area."
Kathy Pratt	Tucson	AZ	85750	US	3/4/2022	"We are losing more and more of our quiet, natural spaces. Please do not allow sonic booms and low level flights to impact this special place. Two major wildfires have already destroyed much of this area. Dropping flares would be almost criminal during the extended drought in Arizona. We have to stand up for the birds and wildlife who have no voice."
Jill Punces	Portland	OR	97232	US	3/5/2022	"The birds that live there are unique and special. The military already have other properties to train on."
Kathryn Young	Albuquerque	NM	87112	US	3/5/2022	"We must have some undisturbed natural areas in this country. No fly zone."

Michae l Saremi	Dougl as	AZ	85607	US	3/5/20 22	"Due to worsening of my rare hearing disorder (hyperacusis) in late 2020, I sought out to find the place in the US with the least aircraft noise, as the vibrations from planes 10s of thousands of feet up give me symptoms, effectively requiring me to either stay in a very insulated part of the house or wear earmuffs when going outdoors. I spent 100s of hours watching playback of flight radar and found that this area, south of Portal where the last commercial planes flyover, had the least aircraft activity in the contiguous US. I contacted numerous people in Cochise County with questions regarding noise to ascertain the level of non-commercial aircraft noise such as military. I was told that in my area of interest it was pretty rare and I came here last year to confirm my research that pointed to this area being the quietest place in the contiguous US. Currently, I've only encountered prop. planes on a rare basis, and military has been sparse without any extreme noise. If this proposal passes, then there will be no tier 1 quiet place left in the contiguous US, as this is the last one. I have a few potential tier 2 locations in mind but they are not free of commercial aircraft noise and vibration. Olympic National Park was once said to be the quietest place in the US. However, there is now growler jet noise that likely spans the entire park. Not to mention, I have seen substantial amounts of commercial air traffic over it as well. I understand the Air Force training is essential, but at the same time I believe this area should be preserved due to its unique quality of quiet--again that exists nowhere else any longer in the US."

Greg Conley	Douglas	AZ	85607	US	8/22/2024	"This is insane to propose this in our area! There are way too many people that this will affect, not to mention the effect it will have on the wildlife and livestock. The winter of 2015-2016 an Iraqi pilot being trained to fly an F-16 crashed in the Douglas/Leslie Canyon area. The winter of 2021 a wildfire was started on one of the smaller hills adjacent to Square Top due to a flare from an A-10. Lowering the altitude for these training missions makes absolutely no sense. Our skies here have already been polluted enough. We must stop this!"

I started my business 14 years ago and over time have brought hundreds of people to both the Gila and the Chiricahua areas from all over the world. Most of these people had never heard of our area before coming to my school. These participants have returned again and again providing much needed economic support for our region. I can go on and on about wilderness values that I'm certain you are well aware of and hold dear but I'd like to emphasize the importance of the wilderness for our economy. My clients return to my school but they also come back on their own after seeing what the area has to offer. Solitude, quiet, beauty are features that are in short supply the world over. People need places to get away and restore. These overflights will jeopardize many small businesses running retreats, schools, and other outdoor excursions in our beautiful desert region. I'm asking you to come out publicly against this proposal by

						the USAF to run loud and dangerous war practices in a place where we all seek peace."

G. Briswalter	bisbee	AZ	85603	US	9/14/2024	"It is unacceptable that the Air Force needs to perform combat training in the Tombstone MOA when they have 1.7 million acres of diverse landscape for pilots to train. The Tombstone MOA has small rural towns and wild lands with diverse, and even protected, species of animals. People and wildlife do not need thousands of flare cartridges and chaff littering their environment and even potentially starting wildfires. And we don't need subsonic or low level flights over our area scaring people and animals. Barry Goldwater Range offers a diverse landscape with plenty of space to train pilots. The Air Force needs to continue to use that Range for training and not expand into the populated, pristine SE corner of AZ."
eschelman	Douglas	AZ	85607	US	9/15/2024	"We live right on the proposed track, for over 30 years we have experienced the bounty of experiences this area offers. This action will be detrimental to the area, its residents, lifestyles, migration patterns, economics etc etc etc. Its 100% the worse possible action that can be taken."
Jonathan Franzén	New York	NY	10028	US	9/20/2024	"The desert West is full of mountainous terrain that's similar to the Chiricahuas but far less biologically significant. The Air Force needs to educate itself about less disruptive alternate locations."
Irene Kitzman	Tucson	AZ	85716	US	9/20/2024	"I live in the area, and so the solitude and the quiet are supremely important to me. Military aircraft are not quiet nor harmless; they are in fact rather noisy and disruptive to the rich biological diversity in the area. I am sure such flights can be made in a much less destructive area, such as the Barry Goldwater Range which offers a diverse landscape with plenty of space to train pilots. The Air Force needs to continue to use that Range for training and not expand into the pristine SE corner of AZ."
Dawn Smith	Silver City	NM	88061	US	9/23/2024	"It is appalling that the Air Force is considering increasing both the number and impacts of overflights in Chiricahuas. It is even more appalling that they are claiming little or no impact on wildlife, when there are hundreds of peer-reviewed papers showing how badly sudden noise hurts our wild neighbors. Beyond the impacts of sound, dropping chaff exposes wildlife and their precious water sources to aluminum, known to be toxic (again backed by numerous peer-reviewed scientific publications). As a birder and wildlife enthusiast, I enjoy spending time in the Chiricahuas, as well as in the Gila National Forest. I don't want to be knocked to the ground (as many friends and neighbors have been) by sonic booms and low flying jets. I don't want to be exposed to toxic aluminum chaff during my time in these beautiful wild places. Like so many others, I moved to the southwest for the quiet (I have noise-sensitivity issues). I don't want the stress of this potential nightmare!"
Jeff Shriver	Tucson	AZ	85710	US	9/23/2024	"I strongly oppose allowing the USAF to expand the regulations that have existed in the Tombstone MOA and adjacent areas, and allow noisy low flying jets, flying at supersonic speeds, the release of toxic chaff, and all the other frightening and destructive activities so proposed. This area is a residential area and important wildlife area that needs to be considered as such and not a war zone."

Nancy Weaver	Tucson	AZ	85706	US	9/25/2024	"I have built a beautiful oasis that would be a miserable place to be if there were the harassment of noisy and risky training flights overhead. Surely there is enough range already serving this purpose that people shouldn't be asked to endure these flights where they have made substantial investments in their homes."
Susan Bassett	Bisbee	AZ	85603	US	9/25/2024	"The Chiricahuas are THE jewel of Southeastern Arizona. It is a place of an abundance of native plants and animals, and a place of peace for the humans who visit or live there. Robert wadsworth				UK	10/1/2024	"Globally wildlife is struggling against environmental pollution; this includes the less understood forms of pollution such as light and noise. The Chiricahuas represent an ecologically important area which needs to be protected. I believe a significant increase in noise pollution will adversely affect sensitive wildlife in the region. It will certainly adversely affect the quality of life of those who reside there. Noise aside, the potential to increase the risk of fire by the lowering of the minimum heights for flare release concerns me."

Erin Van Rheen	San Francisco	CA	94118	US	10/1/2024	"Many years ago, my husband, and I discovered the Chiricahuas. We fell hard for this unusual, peaceful, and beautiful area. I can't count the number of people we have shared our passion with, telling them about this and other nearby sky islands, and how the Chiricahuas are where at least four diverse ecological zones meet. While it is the residents, both human and nonhuman, that will suffer the most from more Air Force flights, people like us, dedicated visitors who come back again and again (and spend tourist dollars) will also be affected. I don't want to have to tell all of our friends and family that the Chiricahuas were once a wonderful place to visit, back before the Air Force decided the place was a no-man's land perfect for their noisy and disruptive purposes."

David Crowe	High Point	NC	27263	US	10/1/2024	"I have been traveling to the Chiricahua mountains since the 1980's. People can go to the mountains today and see the same beautiful scenery and wildlife that I saw there over forty years ago because we have conserved this piece of land. I would like to keep the military on the land that they already have set aside and preserve this land for the people and the wildlife"
Elizabeth Frank	Tucson	AZ	85701	US	10/1/2024	"The Chiricahua mountains are one of the best wild places left in this country. The USAF expansion into the area would be an abomination."

Ellen James	Leesburg	VA	20175	US	10/2/2024	"I know and love the Chiricahuas, and whoever came up with this plan obviously has no knowledge of what the people and other animals there need, and doesn't want to know."

Laura Moore	Sun City	AZ	85373	US	10/4/2024	"Laura J. Moore"
Keith Cliver	Cortez	CO	81321	US	10/4/2024	"You should fly over Mar-A-Lago instead !"
Sandy Zelasko	Escondido	CA	92025	US	10/4/2024	"I believe the air force should leave the Chiricahuas, Peloncillos, and other areas of southeastern Arizona out of their plans. Keep our wildlands and wildlife safe from noise and pollution."
Kira Geddes	Tucson	AZ	85712	US	10/4/2024	"As a Tucson small business owner, and native Tucsonan, I am extremely concerned about the air force's intentions to increase military combat training flights over the Chiricahuas, Peloncillos, and other areas of the Sky Islands. As everyone knows, the natural beauty and ability to access quiet and remote landscapes is a huge part of what makes Southern Arizona a unique and beautiful place to live, and draws the visitors that keep our small businesses alive. This intention by the Air Force is completely unnecessary to our national security and will harmfully impact our community in many ways. Please find another way to conduct trainings. Please remain on the Barry Goldwater range and do not endanger wildlands and wildlife. Thank you for listening to the voices of community members and small business owners."
Joan Garvey	New Orleans	LA	70122	US	10/4/2024	"This is a sensitive area which should not be subjected to increases noise pollution."
Rebecca Orf	Ashland	OR	97520	US	10/4/2024	"Low elevation flights and dropping flares and chaff will endanger and devastate precious wildlife, increase wildfire danger, and pollute the area."
cynthia hunter	Arlington	WA	98223	US	10/4/2024	"Please do not proceed with your current plan to do flyovers in SE Arizona and New Mexico. I often use these public lands and the flyovers will completely degrade these areas for human recreation and wildlife. These lands were set aside for the public to enjoy pristine wilderness and forest service lands and to protect wildlife habitat. Please use the land that has already been given to you for military uses and do not try to use our public lands. They were never intended for your use. Cynthia Hunter"
Joshua O'Dell	Naperville	IL	60564	US	10/4/2024	"Respect the People."
Marcia Radke	Sierra Vista	AZ	85650	US	10/5/2024	"There are other areas currently used for training that are more appropriate, instead of opening up undisturbed areas enjoyed by those that want a natural quiet experience."
Marni Fylling	Hoboken	NJ	7030	US	10/5/2024	"Please preserve the sanctity of this special natural area. There are so very few wild spaces left, and once the wildlife is disturbed, it is difficult or impossible to rehabilitate the area. Public lands are for the public and nature, not for loud military training."
Sarah Norris	Sacramento	CA	95821	US	10/5/2024	"Military flyovers are loud and disruptive. This action over the Chiricahua Mountains will have significant and unavoidable impacts on federally threatened and endangered species in addition to degrading the quality of recreation in the area. There is not a way to meaningfully mitigate these impacts and therefore this action should be reconsidered and further evaluated."
Tom Sykes	Box Elder	SD	57719	US	10/5/2024	"I don't object to combat aerial training to improve readiness. However, as there are already training locations available I see no need to noise pollution and increased fire risks as well as negative impact on wildlife. If you've ever been exposed to sonic booms you'll know what I'm talking about."
Sylvia Morrell	Bisbee	AZ	85603	US	10/5/2024	"My husband Loren Morrell served in Vietnam. He received a Purple Heart for his service. Today was his birthday. If he was still alive he would be 79 today. To honor him I am sending this comment. Before he died. He bought me my property in S.E. Arizona for my peace of mind. This is my sanctuary as he would not live a long life with his COPD after serving this country. Is this my pay back for his service!?"
Sylvia Morrell	Bisbee	AZ	85603	US	10/5/2024	"My father John Truman Goodwin was a decorated carrier pilot in World war 2 and the Korean war. If he knew that my home in Rodeo New Mexico 12 miles from the Chiricahua mountain range would turn into a war zone. He would be very disheartened with this proposal."

Sylvia Morrell	Bisbee	AZ	85603	US	10/5/2024	"Sylvia Morrell lived and worked in Death Valley National Park for 3 years. During that time I've been subject to the sonic boom at times and know how deafening it can be. With the pilots flying through the Saline Valley in the jets. They once tagged my mom riding her bike and she fell off her bike on the pavement and was seriously injured."
Sylvia Morrell	Bisbee	AZ	85603	US	10/5/2024	"Our flora, fauna, water and wildlife will be greatly affected in S.E. Arizona and New Mexico. The Chiricahua's!!!"
Trudy Lynn	Bisbee	AZ	85603	US	10/5/2024	"We live in a fire prone area. Keep the Chiricahuas safe for humans and wildlife!!"
Steve Johnson	Richmond	VA	23221	US	10/6/2024	"The Chiricahua Mountains and adjacent Portal area are a unique island of biodiversity. For many bird and plant species, this is the most important or one of the few remaining refuges left in the United States. This is not a case of "Not in My Back Yard". Any American who cares about the environment and understands this area would advise the USAF to perform these kinds of important activities in many other areas of New Mexico or Arizona, not here."
Debra Raeber	Laguna Beach	CA	92651	US	10/6/2024	"My husband and I have spent many weeks in the Chiricahua Mountains since the 1970s. It is the most beautiful part of Arizona and very important for migratory birds. We have experienced the military flights above the canyon and were shocked at the noise and reverberation from the aircraft. It sounded like a freight train was coming down the canyon. We looked up and saw the bottom of the plane flying not too high above the trees. It terrified us and I can't imagine what that must do to the birds and all the other wildlife that live in the canyon."
Toshio Ozawa	San Gabriel	CA	91775	US	10/6/2024	"Quit FUC_KING with our Native People's lands!!! Ain't it enough you've killed off & stole their lands!"
Richard Sladick	Wilson	NC	27893	US	10/6/2024	"I chose to visit this location because of the remote location of this unique ecosystem. A place in the wilderness devoid of crowds of people and sounds and things they create. To see wildlife indigenous to the area some of which already have threatened status. We travelled from the east coast to have this experience, and it was beyond wonderful. And then it all came to a sudden unexpected end when the piercing sound of jets flew over. This was extremely disturbing to us and disruptive to the wildlife we came to view and photograph. I respectfully request that you reconsider flights over this harmonious natural area and allow visitors and wildlife to not have their behaviors influenced by this piercing noise. Thank you for your service to our country. That means a lot to me also. Sincerely, Richard Sladick"
Patricia Frederick, DVM	Tucson	AZ	85743	US	10/7/2024	"We experience the jet noise at Ruby, Az which is very disconcerting in a wildlife, camping, fishing area. We also are concerned about the pilots making a mistake and hitting mountain /&or the buzzards (which are plentiful)"
Richard Smith	Tucson	AZ	85747	US	10/7/2024	"It is rightly said that National Parks are America's best idea, and I would add that so are National Forests and Wilderness Area--lands set aside for not just the public, not just future generations, but for the environment itself: the plants and animals that depend on its health. My soul needs such areas to thrive, but so does the Earth itself. If in the process of "defending America" the Air Force destroys America's "best idea," then what is the point?"
Livia Pontual	Tucson	AZ	85712	US	10/7/2024	"Livia Pontual"
Lora Martens	Phoenix	AZ	85012	US	10/7/2024	"I believe you should be able to enjoy nature in peace."
Anna Smith	Laramie	WY		US	10/7/2024	"Peace and quiet is a scarce commodity in Arizona and the sky island ranges are some of the few places I count on to get away from noise pollution. Increasing military training activities over these areas would damage this area with the negative impacts on tourism, recreation, and the health of humans and wildlife. Loud noises disturb sleep, increase stress levels, and increase risk of heart disease. Noise pollution is an under-recognized threat to health and it is pervasive. The Sky Islands

						are a refuge for both people and the unique wildlife found nowhere else in the United States. Please reconsider the planned military activities and commit to protecting the quiet, relatively undisturbed conditions in this area."
Paul Boring	Tucson	AZ	85745	US	10/7/2024	"For the preservation of quiet space"
Abigail Jensen	Tucson	AZ	85719	US	10/7/2024	"I don't want more noise or pollution in Southeastern Arizona."
Colleen Dugan	Tucson	AZ	85705	US	10/7/2024	"There is need for this and it disturbs wildlife and residents."
Mark Orvek	Saint David	AZ	85630	US	10/7/2024	"I am a member of the Chiricahua Sky Village (village for amateur astronomers) and visit the Chiricahua National Monument several times a year. Low altitude flights and supersonic booms would be detrimental to the area. I am surprised this would be allowed around and near a national monument."
Samantha Gray	Orlando	FL	32816	US	10/7/2024	"This is not right"
